Sub: - Consideration of appeal of non-Gazetted candidates selected for Railway employment -
Cases of candidates declared unfit upon medical examination.

Ref:- This office letter of even number dated 05.06.2014 & 31.12.2015.

08/8/17

Detailed provisions for reconsideration of adverse reports of medical examination of candidates selected for employment in various non-Gazetted posts in Railway Services and procedure for making an appeal and its disposal have been laid down in Para 522 (I) of IRMM, Third Edition, 2000. However, it was not clear from the said provisions as to who would act as the appellate authority and what would be the maximum number of appeals that are permitted resulting into a number of appeals for reconsideration of the cases even though they have been declared unfit during initial medical examination. Some of the candidates were also approaching Railway Board for reconsideration of decision of the Zonal Railways on their earlier appeals.

There have also been instances where the candidate was declared unfit by the initial medical examiner due to the candidate being hypertensive/diabetic or visual acuity problems. Some such candidates have taken treatment and then, within the stipulated time frame, submitted an appeal for reconsideration. In such cases, it becomes really difficult for the appellate authority to come to a conclusion with regard to the candidate's original condition which was prevailing at the time of initial medical examination. The appellate authority will be in no position to disprove that the person has been administered medicines or has undergone surgical treatment for refractive error etc. This situation calls for a permanent remedy by laying down a specific procedure for examination of candidates, consideration of their appeal in case they are declared unfit in the initial medical examination as also disposal of subsequent appeals by higher authorities. In view of this, a detailed policy guideline was issued to the zones vide this office letter of even No. dated 05.06.2014. Though the clarification given by this office has helped the zone to a great extent in deciding the cases but some issues relating to the subject required further elaboration.

The matter was considered at length in Board's office and in supersession to Board's letter of even No. dated 05.06.2014, revised guidelines were issued vide Board's letter of even number dated 31.12.2015.

However, arising out of Vigilance enquiries in certain cases of medical examination and appeals, whole issue has been re-examined and it is felt that certain provisions contained in paras III, VII (A&B) of Board's letter dated 31.12.2015 need to be amended to clarify the whole position in consonance with the

provisions of IRMM 2000. Accordingly, in supersession to all previous letters on the subject matter, following instructions are issued:-
